

April 19, 2020

Dear Oasis Families,

As you know, over the weekend Governor DeSantis announced the continuation of virtual learning for the duration of the school year. This decision was made based on the time and point at which we are with our curriculums, as well as the positive momentum teachers and students are experiencing with virtual learning.

While we understand virtual classrooms might not be the most preferable learning platform for some students, we are working daily to make lessons interesting and innovative, with an appropriate level of rigor for deeper learning and acceleration. Our staff is dedicated to supporting our students and their parents and guardians with assistance at any time.

In the meanwhile, please stay alert for more news regarding previously scheduled end-of-the-year activities, the return of supplies to students, and refunds for field trips and other events. And last but not least, please remember we are here to support you and your child's full education. If we all do our part, hopefully our communities will stay healthy and positive throughout this health crisis.

Respectfully,

Jacquelin Collins
Superintendent
